OMB No. 0651-0050 (Exp. 4/30/2009)

**Request for Reconsideration after Final Action****To the Commissioner for Trademarks:**

Application serial no. 77409845 has been amended as follows:

**ARGUMENT(S)**

In response to the substantive refusal(s), please note the following:

**AMENDMENT AND RESPONSE TO OFFICE ACTION**

This communication responds to the communication from the Examining Attorney dated August 22, 2008, (the "Final Office Action") regarding the referenced application.

**INFORMALITIES****Identification of Goods**

The Examining Attorney has objected to a portion of the identification of goods as indefinite, and has requested further definition. Specifically, the Examining Attorney has requested that the "LED illumination systems for camera and image processor" components be further specified. Applicant respectfully submits that its requested amendment further specifies such components.

In addition, although not requested by the Examining Attorney, Applicant requests that the wording "for semiconductor wafers" found near the end of the description be moved to make the identification read more clearly, and in better English. While not changing the meaning of the identification, moving such language to after "Wafer edge bevel inspection system," makes clearer that the "for semiconductor wafers" refers to the whole "Wafer edge bevel inspection system" – to all the components. As the identification reads before this amendment, it could be interpreted in more than one way, including that "for semiconductor wafers" refers only to the "host personal computer."

In sum, Applicant requests that the application be amended to adopt the following identification,

if such an amendment will render the application suitable for publication:

Wafer edge bevel inspection system for semiconductor wafers comprising a microscope, image processor, LED illumination systems for camera and image processor comprising light emitting diodes (LEDs), mirrors, lenses, and CCD cameras, electric display panel, HEPA filter, wafer loader, blank wafer, and host personal computer, all sold as a unit.

Applicant submits that the identification of goods as now amended, conforms to the Examining

Attorney's request, and does not impermissibly broaden the description or add new matter.

#### **CLASSIFICATION AND LISTING OF GOODS/SERVICES**

**Applicant proposes to amend the following class of goods/services in the application:**

**Current:** Class 009 for Wafer edge bevel inspection system comprising a microscope, image processor, LED illumination system for camera (image processor), electric display panel, HEPA filter, wafer loader, blank wafer, and host personal computer for semiconductor wafers - all sold as a unit

Original Filing Basis:

**Filing Basis: Section 1(b), Intent to Use:** The applicant has a bona fide intention to use or use through the applicant's related company or licensee the mark in commerce on or in connection with the identified goods and/or services as of the filing date of the application. (15 U.S.C. Section 1051(b)).

**Proposed:** Class 009 for Wafer edge bevel inspection system for semiconductor wafers comprising a microscope, image processor, LED illumination systems for camera and image processor comprising light emitting diodes (LEDs), mirrors, lenses, and CCD cameras, electric display panel, HEPA filter, wafer loader, blank wafer, and host personal computer, all sold as a unit.

**Filing Basis: Section 1(b), Intent to Use:** The applicant has a bona fide intention to use or use through the applicant's related company or licensee the mark in commerce on or in connection with the identified goods and/or services as of the filing date of the application. (15 U.S.C. Section 1051(b)).
